Yes, certainly. I would ask that we postpone this meeting till the following week. I now need to shift gears and finish up the work on the FY15 Op Plan. Thanks.

Ex. 5 - Deliberative

Would it be possible to arrange a meeting with you next week so that we could get a better understanding of where you are in the discussions with the state and any potential implications to these other programs?

Krista

Dan expects to be working all work, but may need to telework several days **Ex. 6 - Personal Privacy**
Christine plans to be in Mon - Thurs.
Bella plans to be in Mon - Thurs.

HOT TOPICS

This Week:

Non-Responsive

Oregon CZARA: On January 30, EPA and NOAA will announce our joint disapproval of Oregon's Coastal Nonpoint Program in the Federal Register. The state program is required under Section 6217 of the Coastal Zone Act Reauthorization Amendments (CZARA), which also provides joint program approval authority to EPA and NOAA. This is a follow-up action to an earlier Federal Register Notice of the agencies' intent to disapprove Oregon's program, for which was a 90-day public comment period was conducted. This action was taken as a result of a 2010 settlement agreement with Northwest Environmental Advocates, which sued EPA and NOAA, and deficiencies in Oregon's forestry program. The decision sets a precedent because it is the first time the agencies have disapprove a state's Coastal Nonpoint Program. EPA and NOAA are working closely with Oregon to provide a pathway to approval of the State's program by 2016 and avoid or minimize financial consequences of this disapproval. Both federal agencies as well as the governor's office are reaching out to Oregon's Congressional delegation to manage outcomes. POC: Christine Psyk, 3-1906.
